

Stewart College offers you a choice between Power and Academic English. Both courses accept students of all levels.

What is Power English?

Power English is the Stewart College general English program and its main focus is improving your fluency. You can study in this program part- or full-time. This is the right program for you if you want to:

- improve your speaking and listening skills
- improve your basic grammar
- use English when you travel

What is Academic English?

Academic English is an intensive English program which you should take if you want to:

- improve all your English skills, especially reading and writing
- go to an English-speaking high school, college or university
- take a standardized test such as IELTS, TOEFL or Cambridge (FCE, CAE, etc.)

What are the differences?

POWER ENGLISH	ACADEMIC ENGLISH
Focus on conversation and use of everyday English	Focus on academic and workplace English
Emphasis on speaking and listening	Emphasis on reading, writing, expanded vocabulary and fluency in more formal situations
General interest materials/topics	Academic materials and topics
Weekly testing of course content	Testing of content and practice doing standardized tests
30-60 minutes of homework daily	60-90 minutes of homework daily

*(Power English) classes gave me a better understanding of English. For me, it's very high quality. All teachers are so patient with us. It's important!***

Stewart College was a wonderful experience for me. All the teachers, the environment, classrooms and all my friends from different countries were amazing. I felt lucky to be there. I always wanted to practice law and with the help of Stewart College, I was able to meet the English requirement for law school. Last year, I graduated and a few months ago started my practice. Without the help of Stewart College, I could have never been where I am today.** ~ ALI D., IRAN
